MEMORANDUM FOR THE FILE

E-X-T-R-A-C-T

STAT "1. DD/P Questions on Quality of Personnel Recruits: Des FitzGerald, following his recent visit to [ ] questioned the quality of Career Trainees and expressed the thought that there were not enough recruits from the "Ivy League." John Richardson met with him to discuss this matter which turned out to be not just questions on the CT Program but the larger picture of our competitive status in the recruitment field for high-quality personnel, particularly in the "Ivy League" and I suggested I arrange a briefing by the Office of Personnel in my office on the Recruitment Program and results obtained. I suggested that Des FitzGerald, STAT Tom Karamessines, and [ ] attend and following the briefing we can then discuss the Program and resolve any questions that still may be existing. I will arrange for the Office of Personnel to set up a briefing session."
